DESCRIPTION

The datamasters Emergency Medicine/Trauma Nurses mailing list allows you to reach health care trauma professionals at their personal email address.

These health care professionals would include registered nurses (RN), licensed practical nurses (LPN), and advanced registered nurse practitioners (AN) who specialize in emergency medicine and trauma. They are trained to control bleeding, stabilize patients going into shock, administer CPR, dispense medications, immobilize spinal injury patients, prepare casts for bone fractures, initiate IVs, and suture patients with wounds. These nursing professionals would use gauze, bandages, backboards, blood pressure cuffs, disposable gloves, masks, tape, cold packs, blankets, stethoscopes, hand disinfectants, scissors, safety glasses, thermometers, syringes, linens, and gurneys in the course of their job performance.

Purchasers of this mailing list would include hospital supply retailers and wholesalers, pharmaceuticals, imaging diagnostic companies, first aid suppliers, supplement suppliers, medical apparel providers, pediatric supply providers, continuing education institutions, office supply providers, computer hardware and medical software suppliers, bandaging companies, medical periodicals, mobility aid providers, and x-ray equipment providers.
