Datamasters offers a file of 120,520 Occupational Therapists. These professionals provide services to people who are mentally, physically, disabled. Interaction with Patients involves assisting with learning how to use Medical equipment such as Wheelchairs and Walkers together with practicing crafts to improve motor skills.

Most occupational therapists work in hospitals, schools, and rehab facilities. The field is of growing importance as medical technology continues to increase the lifespan of the old and save young lives resulting in an increased demand for rehabilitative care.

Reach these Occupational Therapists for offers on Seminars, Subscriptions, Books, Recruitment and any other health related offer.
