## DESCRIPTION

The Datamasters Respiratory Care Practitioners mailing list allows you to reach these healthcare professionals through direct mail marketing efforts at their home address.

This mailing list allows you to market to respiratory care practitioners who diagnose and treat patients experiencing breathing problems. They treat chronic respiratory disorders such as asthma, bronchitis, and emphysema. They also treat individuals who experience breathing problems caused by strokes or heart attacks. They are employed in emergency rooms, intensive care units, clinics and private practice. They use ventilation systems, inhalers, diagnostic equipment, medications, tubing masks, nebulizers, filters, purifiers, CPAP machines, and oxygen.

Purchasers of this mailing list would include hospital supply retailers and wholesalers, pharmaceuticals, imaging companies, home purifying system providers, allergen free product suppliers, organic bedding suppliers, dust mask suppliers, medical apparel providers, continuing education providers, laser equipment suppliers, office supply providers, computer hardware and software suppliers, medical periodicals, medical furniture providers, and healthcare insurance providers.
